

FOR IMMEDIATE RELEASE

PelactivBRIGHT

Unlock the secret to a celebrity smile!

PelactivBRIGHT is the new way to whiten your teeth. Minus the hefty price tag!

PelactivBRIGHT is an in-salon cosmetic teeth whitening system that utilizes a unique LED light to expedite the bleaching and whitening process and is gentle and safe to use so clients will never experience irritation, bleeding, burning or pain. PelactivBRIGHT uses a patented bleaching mouthpiece, a clinically proven whitening gel formula, and the LED light activator provides a safe wavelength without heat generation.

The PelactivBRIGHT cosmetic teeth whitening system offers a QUICK, SAFE and EFFECTIVE service that provides instant results for customers! Just ONE 20 MINUTE process will make teeth 2-8 shades brighter!

The treatment can last up to 2 years if post-whitening instructions are followed.
